Annual Meeting of Beaver Dam M. D.

The annual meeting of the Municipal District of Beaver Dam No. 281 was held in Jackson School, Saturday, February 17th, when minutes of the 1939 annual meeting and the Financial Statement were read and adopted.

Vacancies for two Councillors were filled by acclamations, A. M. Robertson in Division 5 and G. E. Haug, the retiring Councillor, in Division 6.

The formation of a Public Health District by this and adjoining municipalities was discussed, the meeting being almost unanimously in favor of the project.

Mr. J. H. Robertson, Trustee for Sub-division 3 of the Olds School Division, gave an interesting account of the formation of the division and answered a number of questions in a satisfactory manner. The Chairman, Mr. Robertson, thanked the members of the meeting for attending and addressing the meeting.

A vote of appreciation for the able manner in which the Council and Secretary-treasurer had handled the affairs of the district was passed.

Dipple scoring for the locals.

WITH THE CURLERS

Three rinks from here entered the Olds Bonspiel which opened on Monday. This afternoon we learn that Hesketh and Becker met tonight in the Grand Challenge final.

The annual President vs. Vice-president 'spiel is well under way at the local rink, the losers to provide the usual oyster supper.

Arrangements have been made for a one-day Ladies' open bonspiel here tomorrow.

A ladies' rink comprised of Mrs. Wood, Mrs. Devins, Miss Murdoch and Miss Hesketh, journeyed to Okotoks on Friday last to take part in the Ladies' Bonspiel there, and once more our lady curlers showed their prowess with the granites by capturing first prize.

An interesting dinner party was held at the home of Mr. and Mrs. W. E. Spivey on Sunday, when four generations were represented, namely: Mrs. McRory, Mrs. Young of MacLeod, Mrs. L. C. Spivey, of Lacombe, and her baby son, Walter Lloyd.

George Lim, of the Oliver Cafe, has received a letter from Ralph McFadyen stating he is fine and likes England though he doesn't think it can compare with Canada. Ralph sends best wishes to "the Gang" and asks for news of the home town.

With two elections billed for next month, the political pots are bubbling up. The campaigns are getting organized and will soon be running full blast, with candidates endeavoring to hold as many meetings as possible in the short time allotted for action.

A TOUCH OF APPROVAL

In Tuesday's Calgary Herald, the following paragraphs appeared in the report of an address given by Mr. John I. McFarland, Chairman of the Unity Council.

"Mr. Frank Laut was nominated as an Independent candidate in a non-party convention and in the same non-partisan manner as all other Independent candidates in this province. Independent candidates enjoy the confidence of all political groups in their respective constituencies so far as concerns provincial affairs. I am acquainted with nearly all of the Independent candidates so far nominated, and I have no hesitation in saying they measure up to ideals of citizenship which inspire the confidence of the people. I am sure these candidates chosen as they are in non-party conventions will constitute a body of provincial members which will fairly represent all ideals and aspirations which are feasible within Confederation and under present world war conditions.

The C.C.F. executive of the Banff-Cochrane constituency recently decided to support Mr. Laut the Independent candidate. This, and other instances of constructive cooperation has encouraged me to suggest that the provincial executive of the C.C.F. recommend to their local executives the desirability of joining their forces with the non partisan movement in all or nearly all single member rural constituencies. In support of Independent candidates.

Three slightly deaf men were motoring from the north to London in an old noisy car and hearing was difficult. As they were nearing the city, one asked:

"Is this Wembley?"

"No," replied the second, "this is Thursday."

"So am I," put in the third.

"Let's stop and have one."

Household Hints

Fish has often been called a "brain" food but it's no reflection on your family's I. Q., if you serve it to them often. Rather it is an indication of the high degree of intelligence of the housewife who realizes the value of fish in the diet. Your family may not need fish to stimulate the growth of their mentalities but they do need it to build strong bodies and acquire robust health. Children's delicate digestive systems require tender, easily digested food such as fish. Their rapid growth calls for supplies of protein, minerals and vitamins. All of these requirements are fulfilled by including fish in the family menus.

1 teaspoon salt
6 tablespoons lemon juice
1-4 teaspoon tabasco sauce

Or serve in baskets made from lemon

Lima Loaf

Combine 2 cups cooked Lima or
other dried beans with 2 tablespoons
minced onion, 2 tablespoons tomato
catsup, 3 tablespoons melted butter
or dripping, 1 beaten egg, pepper,

Pack in a buttered loaf pan and bake

NOMINATIONS IN 44 Constituencies

With nominations completed or immediately pending in 44 of Alberta's provincial constituencies announcement of a general election on March 21st finds the non-party forces poised for campaign action. E. W. Brunsden, secretary Unity Council of Alberta, stated Saturday.

Additional to the non-party nominations held or arranged, the Council's secretary pointed out that in four other constituencies, party nominations have been with out apparent opposition from the citizens of other political groups within these ridings, these being Grouard (Liberal), Beaver River (Liberal), Vegreville (Liberal) and Willingdon (C.C.F.).

One of the satisfactory features of the provincial situation indicated by Mr. Brunsden is that in only two constituencies (St. Albert and Clover Bar) is there a clash between political party and non-party forces. In these two constituencies Independent candidates are opposed by Liberal nominees.

Letters To The Editor

To the Editor,
Crossfield Chronicle.

Dear Sir:
With four churches and three resident ministers in Crossfield it was unfortunate that the opportunity was not taken last week to have a short service in one of the churches to pay tribute to the late Governor General, Lord Tweedsmuir, on the day of the funeral, regardless of a congregation being at the service.

Yours truly,
Citizen.

The Editor,
Crossfield Chronicle,
Dear Sir:

The attendance at the Annual Meeting of the Rosebud M. D. held at Carstairs on Saturday last, was not as large as one would expect, considering the amount of talk there has been regarding the raise in school taxes.

I would respectfully beg space of you to bring to the attention of the ratepayers one or two things I learned there.

Mr. W. H. Davies, one of the Trustees of the Olds School Division No. 31, stated that they had figures to show that the schools lying within the boundaries of the Rosebud Municipality were run last year, at a saving of approximately \$3,000.00 compared with the cost of operating the same schools under the present set-up. Naturally one will immediately wonder where the rest of it has gone, but space would forbid me to show that in a letter. It is to be hoped that every ratepayer will attend their Subdivision meetings to be held soon, the dates of which can be had from the local secretary.

Another matter of importance brought up by Mr. Davies was the foundation of a Medical Health Unit in the Olds School Division. Undoubtedly this should be of utmost importance to all parents, teachers

and others interested in the health of the community. According to the speaker the cost is small, but it would be another tax and should be investigated thoroughly before we are committed to it.

I would like to say right here, that one was forced to the conclusion that as long as we have men of the calibre of this gentleman to administer our school affairs we need not worry, but should co-operate with them more than some school districts are now doing.

The matter of arrears of taxes, especially school taxes, is still a vexatious one to the Council and of course as long as there are some who do NOT pay their taxes, those who do will have to pay more.

To try to give all the facts of the why and wherefore of this jump in school taxes would fill your newspaper, and I can only repeat, "go to your school meeting, it will be well worth your while".

A Ratepayer.

NOTE—Subdivision No. 3 meets on Wednesday, Feb. 28, at 1:30 p.m. in the Cremona Hall. Subdivision No. 4 meets Thursday, Feb. 29, at 1:30 in Carstairs East Community Hall.

Correspondents from Airdrie, Madden, Dog Pound, Inverlea, Tan-y-Bryn, and other districts around Crossfield are asked to send in news items of interest and to write in for correspondence paper, envelopes and particulars.

The World of Wheat

By H. G. L. Strange

The late Lord Tweedsmuir seemed to be in many ways an embodiment of Plato's idealist "Philosopher King". Lord Tweedsmuir was not a King, but he was the representative of a King. He did not rule, but he exerted a strong influence for good upon those who did rule. He was a philosopher, a historian, a deep thinker and a learned man. His mind was profound, his thoughts were noble, and his expression of these thoughts both in speech and in writing was logical, clear, simple and concise. He illuminated, simplified and brought to life any subject he pondered on. Canada has lost a great man, a sincere humanitarian.

Lord Tweedsmuir's sympathetic nature, and his keen interest in the welfare of Western farmers, was revealed when he suggested, as a result of his observation of life on the prairies, that the lonely farming families needed more books to read. Out of his long experience with literature and books Lord Tweedsmuir made certain definite and most practical suggestions to various organizations, and those suggestions finally resulted in the forming of "The Lady Tweedsmuir Libraries" and the "Grain Trade Libraries". These two organizations, working together, have made Libraries of books available to farming families at hundreds of points over the Prairies.

Following factors have tended to raise price: It is reported that Russia has purchased from the U. S. Pacific coast three to five cargoes of wheat presumably for shipment to Vladivostok; It is feared that crops in Bulgaria may have been smothered by an ice sheet;
